Let's reconnect with **WHO** you want to **BE** and **HOW** you want to **LIVE**

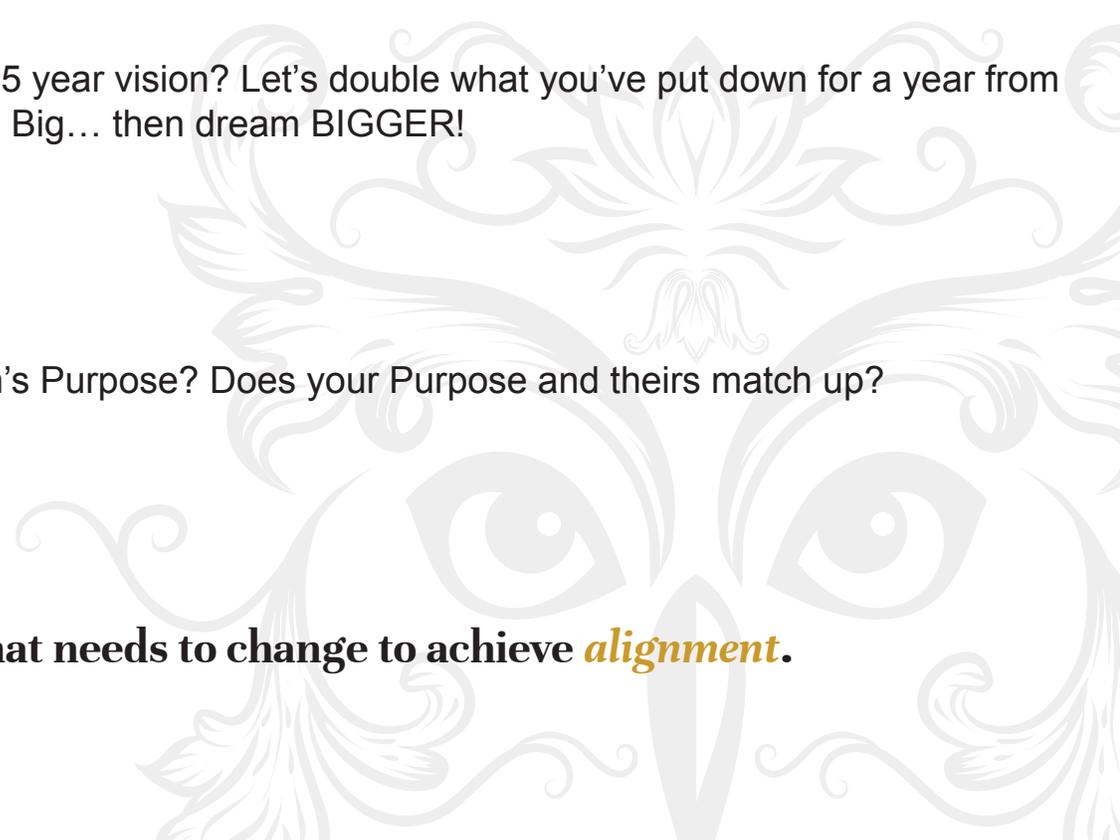

Aligning with:

Your Purpose: What are your goals, and your 1 year vision & mission? Be as specific as you can with what you are wearing, who are you hanging out with, where do you live, the car you drive, the sounds and smells around you...

Now let's work on your 3-5 year vision? Let's double what you've put down for a year from now. Don't be shy, dream Big... then dream BIGGER!

What is your organization's Purpose? Does your Purpose and theirs match up?

Let's now identify what needs to change to achieve **alignment**.

# Lead.

It starts with **You! Yes YOU!!** Lead yourself and organically others will be inspired and will follow naturally, through behaviours others will shift and move with you.

**BE** - be the change, and let's come up with a plan.

We need to start by building a solid foundation.

## What is your definition of an ideal Leader?

How do you define:

- Success
- Perfect job
- Perfect life

## What are some things that are already working?

Let's consider setting milestones and a deadline for your goals. Accountability is important, and we need a specific time period to work with.

We'll use the famous **AIM SMART** method: Stay with me!

- Absolute Minimum
- Ideal
- Middle
- Specific
- Measurable
- Relevant
- Time bound

# Achieve.

With your purpose as your true north, aligning with your dreams and goals, on a solid foundation, the execution of your plan will likely be effortless without compromising anabolic energy. Wait!
